LONELY HEARTS

FARMER NEEDS A TELEHANDLER)

SWEET 16 (1993) CAT TH 62 from Cheshire is now looking for a farmer / contractor to show me all that the farming life has to offer. I have been well cared for as well as being serviced regularly. I will come with good 17.5R24 tyres and pallet tines and only 4820 hours on the clock from new. I am very broad minded and am willing to try any attachments which you would like to see me with (as long as you fit the brackets). Please give the sales department a call to arrange a first date.

£12950 plus vat

SPECIAL PURCHASE

NEW KVERNELAND STRAW CHOPPERS AND FEEDERS

**0% finance
Pre-price increase**

We have taken delivery of our winter stock of both mounted and trailed straw choppers and feeders. Please contact our sales department as there are some great pre-price increase offers on these machines including 0% finance being available. There will be at least one of these machines at the Cheshire Ploughing Match. Please give us a ring and we will make sure that we have the one you need at the show.

N E W S L E T T E R

STUART'S NEWS

WE are very pleased to announce that as of the 1st of September we have become official **MANITOU** agricultural dealers. Cornthwaite Agricultural will cover South Lancashire, with Agricultural Machinery covering Cheshire and the Isle of Man.

We have an allocation of introductory machines at very competitive prices and also a number of demonstration machines which are fully equipped to suit most customers needs.

THE CHESHIRE PLOUGHING MATCH

This year's Cheshire Ploughing Match will be held at Agden Brook farm, Lymm Road, Little Bollington, Altrincham WA14 4TE.

We will once again be in attendance at the ploughing match, which will be held on 30th September. Due to the great success of last year's working displays we will again be demonstrating a wide range of cultivation/drilling equipment as well as a number of MANITOU handlers.

MANITOU sales and service personnel will be on hand to discuss your individual needs and there will be great introductory offers on new and ex-demo machines on the day.

SERVICE NEWS (Bispham Green)

WE have had an exciting several months at the Bispham Green depot as the major redevelopment of the site has got underway!

The new workshop is starting to take shape which will increase our workshop from 4 bays to 8 tractor bays. There will also be a new harvest bay which is large enough to accommodate the largest combine or forager and also enable our service clinics to be carried out with ample space to both view equipment and accommodate manufacturer service staff.

In addition the yard is being extensively reworked to allow us to display large stocks of new and used equipment.

SERVICE NEWS (Nantwich)

TWO new service vans have been added to the fleet at Nantwich last month enabling both Barry Prophett and David Petrie to now become fully mobile. The total of service vehicles at Nantwich has increased to nine in total.

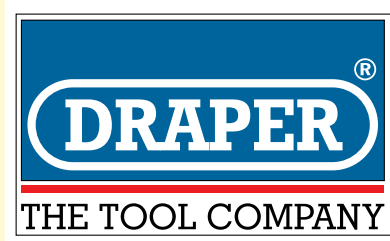

NEW STOCK

BUCKLER BOOTS are now in stock at the Bispham Green depot as well as HOGGS. This has been a result of customer requests for our stores to carry this popular range of boots. Another example of the stores department responding to your feedback – if you want to buy it we will stock it!

DRAPER TOOLS

We have a well stocked Drapers Tool display at great discounted prices from sockets to hammers along with jacks etc. If you don't see it we can get it at the best prices.

PARTS NEWS (Nantwich)

AS CUSTOMERS who visit the shop at Nantwich may have seen we are increasing the level of John Deere merchandise on display. The showroom will be having a major refit to be completed by the end of November in readiness for the Christmas toy season.

As well as these developments there are some great savings this month on vapormatic spares which now include tractor and machinery parts, along with tools etc. please contact either John, Steve or Chris for the best deals.

PARTS NEWS (Bispham Green)

AS a result of the extension to the workshop, more space will become available for the stores.

This work is due to start at the beginning of October and all the work should be completed again before December.

As we are now making room in our stores (selling products we don't want to move into the new shop) we have some great deals on all kinds of old stock ranging from cups, John Deere flags, machine parts, tools etc.

We thought that we would have a bargain bucket but this has become a BARGAIN BARROW. Please feel free to have a good look, as it will be topped up on a weekly basis with even more bargains being added – at least 25% off everything in the barrow!

PARTS OFFER

BATTERIES / PAINT

FREE BATTERY TESTING!!

This month both of our stores departments have great deals on **JOHN DEERE** and **VAPORMATIC** batteries.

If you have a suspect tractor and handler battery please bring it into either of our stores departments where we will test them and give you the results free of charge. This will hopefully reduce our winter call outs on cold frosty mornings!!

JOHN DEERE and **VAPORMATIC PAINTS** are also the subject of great deals this month as everybody's thoughts are now turning to putting some of the equipment away ready for the winter months.
