

We have reached the end of another year, and what an eventful year it has been.

In January we officially opened our Kendal outlet, just off the M6 at J36. The team we assembled have pulled together and worked so hard. It feels like the depot has been open for years! During the year I have had the chance to meet many new people - some we have managed to trade with and some we are building relationships with, hopeful of future custom. I have been invited to speak at several regional farmers clubs and, whilst public speaking is not entirely in my comfort zone, these have been welcome opportunities to explain what we are trying to achieve and what progress has been made so far. We have had many Young Farmers' Clubs visit our depot in Kendal and its reassuring to see genuine enthusiasm for the industry in many of the youngsters.

We commenced with the re-development of our Nantwich outlet in late summer. This project, when finished will completely change the appearance of the depot and bring it in line with its sister outlets. There will be a new showroom and parts store and the yard will have a new entrance. Please bear with us in the coming months as we are working around a building site!

Having worked closely with Manx Agri Plant Services and John Deere, we are pleased announce direct parts delivery is now available on the Isle of Man. The John Deere parts delivery is one of the best in the business and parts can now be shipped directly from the John Deere UK parts warehouse. This is a fantastic development for customers on the island, and strengthens our support for them.

From 1st November we announced that we held the John Deere and Kramer Franchise for Northern Cumbria and also Dumfries & Galloway. We are building a new bespoke outlet in Dumfries on Heathhall Industrial Estate, which we plan to have open early 2019. We have also secured a Support outlet facility just off J43 of the M6, to provide full aftersales support for the area until we secure and build a full outlet. We have full Sales, Parts and Service staff operating in the new areas, providing continuing support to customers. Contact information is overleaf.

This is a huge opportunity and a big challenge for us - one which we are excited to take on. Myself, our Leadership team and all our staff are committed to our promise – **to offer first class service and support of the premium products we sell.**

I wanted to share something else with you, something you will start to see more of, our new company brand.

With our new additional outlets, our Nantwich re-development and an increase in customers from the Industrial, Groundcare and Amenity sectors, we felt it was time to bring our divisions together. You will start to see our adverts, letters and website using the new logos as we roll it out across the business.

We really hope you like it. We do!

Finally, I just want to wish all our customers a very merry Christmas and prosperous new year. I would like to thank you all for your support during this year and very much look forward to meeting more new faces in 2019.

Stuart Cornthwaite
Managing Director

Christmas Opening Times

Monday 24th December 8.00 – 12.00
Tuesday 25th December - Tuesday 1st January CLOSED
